

Graduate Profile: Gildford Colony Elementary School

Introduction

The goal of the Gildford Colony Elementary School is to foster academic excellence, spiritual growth, and personal responsibility, while maintaining strong ties to the Hutterite community's principles of faith, cooperation, and stewardship. Graduates of this school are expected to be well-prepared for the responsibilities of adulthood, both within their community and the broader society.

1. Academic Competence

- **Literacy and Numeracy:** Students will demonstrate proficiency in reading, writing, and mathematics at or above grade level, ensuring they are well-equipped for practical, real-world applications of these skills within their community and the wider world.
- **Critical Thinking and Problem Solving:** Graduates will be able to analyze information, think critically, and solve problems in a variety of contexts, using logical reasoning and sound judgment.
 - **Practical Knowledge:** Students will acquire practical skills related to agriculture, trades, and other relevant areas of work in the Hutterite community. They will be prepared to contribute meaningfully to the colony's economic and social needs.

2. Social and Emotional Development

- **Community Engagement:** Graduates will understand the importance of working collaboratively, fostering strong relationships, and contributing to the well-being of their families and the larger community.
- **Personal Responsibility:** Students will take ownership of their actions, showing accountability and the ability to manage time and tasks efficiently.
- **Respect for Diversity:** Graduates will have an appreciation for cultural and social diversity, recognizing the importance of building bridges with others in the broader society while upholding Hutterite values.

3. Physical and Health Education

- **Healthy Living:** Students will adopt healthy lifestyle habits, including regular physical activity, proper nutrition, and attention to mental and emotional well-being.
- **Physical Competence:** Graduates will demonstrate physical fitness and the ability to engage in a variety of physical activities, both individually and in groups, promoting a healthy, active lifestyle.

4. Citizenship and Leadership

- **Community Leadership:** Students will develop leadership skills that emphasize service, humility, and collaboration. Graduates will be equipped to take on leadership roles within the colony and be a positive influence on younger members.
- **Environmental Stewardship:** Graduates will recognize the importance of sustainable farming practices and environmental care, aligning with the Hutterite community's tradition of responsible land use and resource management.
- **Global Awareness:** While grounded in their local community, graduates will also understand their role as global citizens, with a basic understanding of world issues and the ways in which their actions can contribute to positive change.

5. Post-Graduation Readiness

- **Career Skills:** Graduates will have the skills and work ethic necessary to succeed in the colony's various vocational opportunities, including agriculture, trades, and business management. They will be equipped to take on professional responsibilities within the colony or pursue further education and training outside of it.
